

Career Conversation: Beyond the Straight Path

Come and talk with the PI's!
Experiences, difficulties, resilience
strategies, and more!

Valentina Borghesani - UNIGE

Nov. 4th, 12-13.30 PM - H8-01-F, Campus Biotech

Valentina Borghesani is an assistant professor at the University of Geneva, FPSE, studying the cognitive and neural correlates of semantic knowledge in the NoCE lab. She has effectively broken the glass ceiling as a young female professor in STEM with a family.
